INCREDIBLE FIND – For Swiss Rifle Lovers – We have been fortunate to obtain a very small lot of the whole series of Swiss straight-pull rifles. These are probably the best lot (& maybe the last lot) of Swiss rifles to be imported. They come from a police department & thus have seen little use. Swiss rifles have some of the finest quality of any produced in the world. These are VG to excellent condition (actually excellent but we're calling it safe) & have all matching numbers & sharp bright excellent bores. The best of the best! These don't have cracked stocks or lots of metal wear & rough wood or "good" condition as offered by some others.

MODEL 1889 INFANTRY RIFLE – The first of the Swiss straight-pull rifles – very seldom seen. Haven't seen any of these but singles in the past 50 years... **\$595.00 GUN335**
For special selection, please add \$20.00 per gun. Not recommended for firing as these guns used an early version of 7.5 ammo
