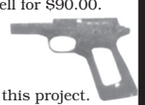
GUNSMITH'S SPECIAL M1911 STYLE FRAMES

Many month's ago we acquired the remaining assets of Brolin Arms. Among these assets were a quantity of M1911 type pistol .45 frames in which the parts don't just drop into place like in a normal frame. These frames will require hand fitting of the parts. We have "tweaked" 5 of these frames and have made them work, but this work is not our bag so we will pass them on to you at a great savings. Regular .45 frames sell for $90.00. GUN015



Sarco **"Tweeker"** Price on these Brolin frames is **$49.50** ea. few only

Please note:
1. Gunsmithing skills are required for this project.
2. Frames are marked J.P.E. which is early production Brolin Arms.
3. Frames are steel, in-the-white, without the screw bushings and plunger tube.
4. Due to the nature of this offer these frames are sold "as-is" and are not returnable.
