

Manual A – Dave says “Buy This Manual!” .**50 Caliber Maintenance Manual**

TM9-2021

Dave got most of what he knows out of this manual. It's super rare! He says the reprint was his idea, so please buy it!! This is a really great tech manual.

ANM2: Fixed, Flexible, & Turret type guns

M2: Flexible water cooled guns, early huge!! M3 mount, M3 Tripod, M63 Tripod & AA mount, M2 ammo chest, M3 water chest

Tech Info:

- A. All repair and rebuild standards.
- B. All parts are shown with part numbers, but we commend our manual TM2213-25 for the best parts and exploded view info. (See our combo ad below).
- C. All special tools & equipment for field and depot maintenance.
- D. Inspection of all parts.
- E. Repair and rebuild of all guns and mounts.
- F. Repair and rebuild of all guns equipment for 50's.
- G. References to all other .50 caliber manuals.
- H. This is the classic repair manual.
