Sarco, Inc. is evolving and diversifying our advertising -

We are staying loyal to our ongoing relationship with *Firearms News* and the *Outdoor Sportsman Group*, but you will be seeing new and exciting "Sarco" ads...

- Our normal advertising in every Issue of FAN is changing to focus more on "New Items" and "Themed Groups". We will still be in every Issue, although with fewer pages.
- <u>Twice a year we will do a full listing</u> of our parts and accessories. These "Catalog" type Issues, which we will be doing in June and October, would be good Issues to Save or Clip.
- Please also continue to refer to our website for new items, complete listings, and current pricing.
- This Issue will be first of the last two of our standard Full 15 page Ads.

SAVE THIS ISSUE OR CUT OUT AD AND SAVE

We will also be expanding our advertising with the *Outdoor Sportsman Group*. New ads in "Guns & Ammo" and "Shooting Times" and many of their Special Interest Publications like "Book of the 1911" and "Book of the AR". We are also doing some Digital Media with them to Promote our ever growing Website! www.SARCOINC.com — Sign up for our weekly news Blast!

We are moving a little into the 21st Century, but keeping that tried and true 'Mom and Pop' feeling with *Firearms News* or as we fondly remember, "*Shotgun News*", since we have been advertising with them since the 1960's!

As usual, Sarco will always be there to meet all your needs. Please join us in embracing these changes.

- Thank you

Sarco has created a full size replica of the venerable M79 Grenade Launcher made famous in Vietnam and beyond. Combining newly made metal parts coupled with original USGI Stock furni-ture and accessories, this non firing display piece is like having the real thing! The Rear Sight flips up and locks, safety locks the trigger, and the Barrel Latch swings to allow the barrel to open. The M79 comes with Sling (color may vary), small arms M79 Pouch, and Combo Tool. Wood Stocks have been taken from original Vietnam era M79s that we had to deactivate in earlier decades and fortunately the rubber butt pads are in excellent condition. To comply with regulations, the front muzzle tip has a colored ring on the outside. Very Limited Production. Only about 3 dozen remain! \$385.00 REP42

We have a limited amount of original .410 Ball ammunition as produced for the converted Enfield .410 Rifle. Essentially a #1Mk3 that had been re-bored for use of a .410 round in both Ball and Shotshell. Complex load incorporating multiple wads, powder ball, and brass case with Berdan primer. This rifle was used throughout the British Empire from districts in Pakistan to Bangladesh with most ammunition produced in Pakistan and India. This ammunition was manufactured in 1960 at POF, sealed in packages of 10rds each, and double sealed in wood bound tin cases. Bound to accrue in value. this ammo is sold as collector cartridges in 10 packs. We cannot guarantee that you will not incur a misfire due to the age of the ammunition if you decide to use it. Historically, the British issued the converted guns to police cadres and it was used in some military units during the Waziristan and Mohmand Campaigns in the 1930s by Nowshera and Peshawar Brigades. Ball ammo was primarily issued for mortal combat whereas the shotshell version of ammo was used for crowd control. Our supply is quite limited...

These are rarely seen now a days. Best way to participate in fast combat shooting where you must drop and load mags quickly. Avoids dam-age to your dropped magazines. WWI Cavalry and vehicle crews would keep 2 or 3 mags on a lanyard for combat purposes! Original mags came with hemp twine so you could tie them to the lanyards individually. These magazines are made on the same automated machinery as our famous magazines shown above. This is to have if you want to be serious about CQB firing and reloading quickly. Very popular for modern combat pistol tournaments.
